## Supervisors Approve City of Fontana Agreement for Sidewalks

**San Bernardino** - The Board of Supervisors has approved an agreement with the City of Fontana for the County to contribute \$345,000 towards the construction of sidewalks in front of a select number of schools.

The sidewalks will be built to service Juniper Elementary School, South Tamarind Elementary School and Juniper Middle School. The City of Fontana is the lead agency on the project, and established the priorities for these schools.

The funds were approved November 30, 2004, as part of a larger funding package shepherded by Supervisor Paul Biane. Supervisor Biane has been a strong advocate for bringing resources back to the Second District and has helped to implement many city and county projects for the Fontana community that he serves.

"Public safety is my absolute highest priority," said Supervisor Biane. "Constructing sidewalks so that students can walk safely to school is a great move for our students and their safety, as well as for the safety of others who may use those same sidewalks."
